Delegates were welcomed to the Showcase by Tracey Price, CEO of Mind Pembrokeshire. Tracey spoke on how important community groups and peer support are and how she was enthused to see so many people supporting the event.

Mind Cymru Evaluation Officer Erin Mee presented Side by Side Cymru: the National Prospective. This presentation explained the rationale behind the project in Wales, how it is delivered by four local Minds including Aberystwyth, and the outcomes to date.

Next to speak was Mind Aberystwyth's Project Worker for Side by Side Cymru, Rob Allen, presenting slides on the local perspective and the outcomes achieved in West Wales to date.

Rob introduced three peer support speakers representing member groups of the West Wales peer support network. Each speaker spoke on the histories and activities of their groups, the benefits of peer support and, if a recipient, how they had benefitted from a Side by Side Cymru grant.

JERRY LONG – KILGETTY FRIENDSHIP GROUP
Tarek Robertson, Business Development and Sustainability Manager of Mind Aberystwyth completed the programme of speakers. As a member of the Side by Side Cymru grant panel he talked about his experience of assessing applications for funding and the outcomes and benefits for peer support groups.

Rob Allen introduced a workshop exploring peer support in West Wales. The delegates split into small groups with each group discussing three topics and reporting their ideas back to the meeting.
